

ALABAMA LAUNCHPAD

a program of EDPA

Pitch deck template, Inc.

A template that tells you how to build a pitch deck

Founders build bad seed decks

- This wastes a huge amount of time
- Bad pitch decks mean they don't raise the money they need
- No money means companies are forced to survive on revenue

Our template solves this problem

- It's fast to use
- Simple to explain
- Improves lives and cleans teeth

How it Works

All the companies are using us

Decks created per month

- 50% growth per month. Every month.
- 100% retention

For presentation to

Our decks work because...

- Why we bring the most value
- Who is our competition and why we can beat them

Here's how we make money

- 5% of all capital raised + 1% royalty on business revenue
- That's \$6m in revenue last year alone
- Free to produce new decks, because we don't do any work, it's a google slide template

Future growth - Market

- There are 1000 slide decks made in SF every day
- That's the first market, but it's slowed because of how hard decks are to build
- We're going to make decks bigger, better, and easier, which means more decks

Team
